

# MicroAccess

The access control system  
for small companies

## FUNCTIONALITIES

By managing the opening of the access areas (like gates, turnstiles, parking gates, etc) to the authorized people only, **MicroAccess** represents a **perfect and proven solution** to **small sized access control systems**, where advanced features such as global antipassback or door status monitoring are not required.

**MicroAccess** allows the user to configure the terminals and the access levels of personnel in the various company areas. All the access levels are programmed directly on the server and then forwarded by **MicroAccess** to the terminals, which will be able to control the authorizations and unlock the door consequently in an off-line and autonomous way, thus assuring the complete reliability of the system.

The access criteria like time periods, groups of users, enabled terminals, PIN, etc. can be configured by following few easy and intuitive steps.

**MicroAccess** manages all main AXESS TMC terminals: **SuperMAX, NeoMAX, SuperTrax, Trax and Ultrax.**

It is **easy to use** and extremely **flexible**, thus ensuring a safe access control system for small sized companies at **very competitive prices.**

Another point of strength is that **MicroAccess** can be **totally integrated with PTM** (People Time Management), AXESS TMC Time & Attendance software of which shares the database, thus offering a complete and exhaustive Time & Attendance and Access Control system.

**MicroAccess** can be also easily connected with Third Parties' Time and Attendance software solutions.

**MicroAccess** is the perfect solution to your security requirements, based on people access control, in small sized companies.

**MicroAccess** belongs to the wide Zucchetti Axess offer, leading company in the personnel identification and access control systems. **MicroAccess** is based on a stable terminals control software platform, that is successfully being working in hundreds of installations and is being satisfying the customer's requirements for more than 20 years.

**AXESS TMC**

a brand of Zucchetti Axess S.p.A
